VOL. CVXIIII.—213. ALEXANDRIA, VIRGINIA. THURSDAY, SEPTEMBER 25, 1913. PRICE, 2 CENTS

AUGMENTATION OF VIRGINIA MILITIA

Movement to Bring Old Dominion Quota up to Standard.

FIVE NEW COMPANIES

Staff and Line Officers to Hold Conference in Richmond Today To Formulate Plans.

Richmond, Sept. 25.——All staff and line officers of the Virginia militia met Adjutaant General W. W. Sale in his office at 10 o'clock this morning for the anual conference on State military matters.

One of the most important matters that came before the officers was the question of organizing five additional companies of militia to make the full completment of twelve companies for each of the three regiments. It is more than probable that one of these companies may be organized in South Richmond while the others,it is hoped, will be formed in towns at present without representation in any branch of the service.

Another matter of importance was the naming of an officer of the regular army for instruction work in Virginia to succeed Captain Tartello, whose health forced the discontinuance of his work here. While several officers have been mentioned it is unknown as yet which of them the State military department will be successful in geting Captain Shipp, of the western division of the army, has been mentioned as a probable successor to Captain Tartello and it is known that he would be welcomed by the state officers.

ELECTRIC SPANKER.

Reforms Two Unruly Schools Into City's Best Behaved.

Huntington, W .Va., Sept. 25.—Two schools in this city where discipline always had been a matter of the instructors' strength of arm have been transformed by means of an electric "spanker" into institutions of learning with the best average deportment of all the schools in the city, according to Superintendent Wilson M. Foulke.

Working on the same system as an electric vibratory massage machine, the "spanker" delivers about five short, sharp blows a second. After several of the boys had allowed themselves to be used as subjects for a test of the "spanker" they had some stories to tell of its punishing powers.

WILL SELL SEALS.

Arrangements to Send Red Cross Tokens at Christmas Time.

Richmond, Va., Sept. 25, 1913. (Special)—Answering numerous requests for information from various parts of the State, the Virginia anti-tuberculosis Association announced from its headquarters today that the Red Cross seals will again be on sale this Christmas and will be sent for distribution to agents in all parts of the State. The seal for 1913, of which specimen copies have been received, is regarded as one of the most beautiful yet issued by the American Red Cross, and it is thought, will make a wide appeal.

NEWS OF THE DAY.

State's Attorney Weant was notified by telephone yesterday by the chemist to whom he had submitted the phial found at the bedside of Miss Ella Warfield at the time of her death at her Sykesville, Md., farm that it contained cyanide of potassium. Almost a score of persons had been examined by the State's attorney, and, although many conflicting statements have been made, some of the testimony is expected to prove of a startling nature when it is made public.

Automobile trucks will compete with railroads between Washington and Baltimore, if a proposition made to the shoe section of the Retail Merchants' Association last night is accepted. The proposition grew out of the refusal of the railroads to continue the free delivery of freight in Washington and Baltimore.

Brooding over the arrest of his 17-year-old son on a charge of handbook making, Matthew Colbert, 54 years old, of Washington,, committed suicide early yesterday morning by swallowing carbolic acid.

The first violence of the coal strike in Denver, Col., occurred yesterday at Segundo, when Town Marshall Robert Lee, forty-five, was shot and killed by three Greek strikers, who escaped.

The Interstate Commerce Commission's report putting the responsibility for the Wallingford wreck with its 21 fatalities, squarely on the shoulders of the management and directors of the New York, New Haven and Hartford Railroad, is the harshest opinion ever handed down by that body. The report, which was made public yesterday, sets forth the names of the directors, beginning with Wm. Rockefeller and J. Pierpont Morgan, and extending through a long list of men well known in the financial and railroad world. Some of these men the commission described as having been considered by the confiding public as "magicians in the art of finance and wizards in the construction, operation, and consolidation of great systems of railroads." "Experience has shown that this reliance of the public was not justified as to either finance or safety," is the sharp finding of the commission.

John, R. Grace, mayor of Charleston, S. C., yesterday filed a petition with the speaker of the House for an investigation of the election of Representative Richard S. Whaley, of the first South Carolina District. Mayor Grace's petition charges violations of the election laws, and, among other allegations, says Mr. Whaley spent more than $60,000 in the Democratic primaries. Mr. Grace followed his petition to Washington and last night issued a statement full of bitterness toward the South Carolina representative. Mr. Whaley also issued a statement in which he designated the assertions made by the mayor as a "tissue of lies from beginning to end."

Representative Roddenberry ill at Thomasville, Ga., gained consciousness for a short time yesterday, but early in the afternoon again lapsed into a state of coma. His physicians announced that they had no hope of his recovery, but said there was possibility that he might be kept alive several days.

A conciliatory speech by Representative A. L. Todd, after Speaker Stanton arbitrarlly had declared the lower House of the Tennessee legislature adjourned late yesterday afternoon, is credited with having averted what threatened to be a serious disturbance. An uproar followed the ruling, physical clashes were imminent, and, it is declared, weapons even were drawn. According to rumor, it is planned to make an effort to oust Speaker Stanton when the House meets today. Another object of much talk was the lie that passed between Representative Testerman and Representative Roynston at the morning session. Testerman started toward Roynston, but was restrained by other members.

Federico Gamboa, Mexican minister of foreign affairs, was yesterday nominated for the presidency by the Catholic party convention. Gen. Eugenie Rascon was nominated for the vice-presidency. Both candidates are regarded as men of high standing.

MEXICAN ISSUE INCITES INTEREST

Nomination of Gamboa For President is a Delicate Matter.

PASSING OF HUERTA.

Wilson's Atitude Toward Man Who Assailed United States is Being Watched.

Washington, Sept. 25.—Widespread interest is shown in Washington over the action of the Catholic party in Mexico in nominating Federico Gamboa for the Presidency. This interest is shown not only because the naming of Gamboa as the standard bearer of the party in power is taken as final evidence of the elimination of Provisional President Huerta, but likewise because of the fact that in the event of Gamboa's election, the United States will have to settle the difficult question oof Senor Gamboa's acceptability.

While it is not believed that President Wilson would interpose any serious objections to Gamboa, provided the latter is elected in an orderly and peaceful manner, nevertheless the fact remains that throughout the negotiations of the last month or two, it has been the caustic pen of Gamboa which has several times threatened to interrupt all efforts on the part of the United States to effect peace. Gamboa it was who, informal communications to this Government, suggested that President Wilson, before presenting his proporals, might have better acquainted himself with provisions of the Mexican constitution, and in other ways directed shafts of ridicule at the diplomacy of this country.

However, it is believed at this end that President Wilson is not going to let memories of veiled insults prevent him from recognizing Gamboa provided he is convinced after the election, that the elections themselves have been fair and that Gamboa is capable of restoring order.

The keynote of the President's Latin-American policy is that this Administration will recognize only those governments established by law and order, and although this might seem to require him to recognize Huerta should the latter enter the list of candidates after all and turn out successful, nevertheless President Wilson regards Huerta's past acts in the overthrow of Madero as precluding him from consideration.

BOY SCOUTS AT FAIR.

Cavalry Drills Also to be Feature of Fairfax County Fair.

As the date of the big Fairfax county fair to be held at Fairfax Courthouse approaches the management is able to announce additional features which will add to the already large list of events which are scheduled to take place next week during the three days when the fair will be held.

Arrangements have been made for an exhibition of the work of the Boy Scouts of Washington, which will be held on October 2nd. The Scouts will be under command of T. S. Martin, scout master of the district. Another interesting feature promised will be the drill by a troop of United States cavalry. An interesting exhibit is being arranged by the Southern Railway company.

ELECT DELEGATES TONIGHT.

Meeting of Equal Suffrage League of Alexandria.

Under the present membership of the Alexandria Equal Suffrage League, one delegate may be sent from Alexandria to the Convention of the Equal Suffrage League of Virginia, which is to be held in Lynchburg, on October 23rd and 24th.

As it is very much desired that two delegates may be present, it is hoped that the membership will be greatly increased at the meeting which is to be held this evening at 8 o'clock at the residence of Miss MacDonald, 609 Cameron street. All who are interested in the cause of equal suffrage, are cordially invited to attend.

RIVER NOTES.

Gould Yacht in the River—Death of Pilot Rollins.

Mr. and Mrs. Joseph Leiter have arrived at Washington on the yacht Niagara, chartered from Howard Gould for a trip around the world. They anchored off the Army War College, in the Potomac. Mr. and Mrs. Leiter have fitted up a place on the yacht to carry the four pet fox terriers of their two young sons, and made this trip to Washington especially to pick up the dogs. The yacht will leave Washington on October 1, commanded by Capt. William Luckett.

People along the waterfront near Eighth Street Southwest, Washington, were startled yesterday to see what appeared to be a child swimming down the channel of the river at remarkable speed. Their shouts attracted the attention of officers of the steamer Wakefield which was just docking and the police tug Vigilant. The Vigilant sent after the child a bateau. The Wakefield launched a workboat. There was a merry little chase down the channel When they had overtaken the lusty swimmer they found a calf, which had fallen overboard from the Wakefield after having been frightened by a blast from the steamer's whistle as it neared the dock.

The steamer Charles W. Werner which has been running to River View, may be replaced next summer with a faster boat.

The tug Winship of the Consolidation Coal Company, which was sunk during a recent storm, has returned to Washington from Baltimore, where she was sent to be overhauled.

Charles A. Rollins, first mate of the steamer Three Rivers, of the Maryland and Virginia Railroad Co. died at his home in Baltimore Tuesday night. Mr. Rollins was pilot on the Potomac and Rappahannock rivers for the past twenty years. Capt. Rollins had been critically ill for the last three weeks. He suffered a nervous breakdown about three weeks ago and was compelled to go to his home.

Eugene Murdock, mate of the steamer Trenton, was painfully injured last night while the unloading of that steamer was in progress at the foot of Cameron street. He was struck in the face by a barrel which had been tossed from the upper deck and his nose split open.

The old steamer Capital City which has been lying in the dock at the foot of Cameron street during the summer, has been towed to Washington.

COMPLAINTS FROM INSURED.

Alleged Rebating, Twisting, Dating Back of Politics, Etc.

According to a circular sent out by Joseph Button, commissioner of insurance, to insurance companies and their agents, complaint has been lodged with his department relating to cases of rebating, twisting, dating back of life policies, and other practices on the part of agents of companies licensed to do business in this State. Mr. Button says in his letter he feels it incumbent to direct the attention of both companies and agents to the statutes upon the subject and the severe penalties for their violation.

He also quotes the law for violations, and, in conclusion, says: "The business of insurance is a high and honorable calling, and should be conducted on the highest known lines. It should have no place for shysters,rebaters,twisters, or their ilk; and, as far as this department can, it intends to rid the business of them."

FIGHT NOW RAGES ON SULZER FUND

Many Questions Raised at Resumption of Trial Today.

DEFENSE OF CLIENT.

Impeached Governor's Enemies Say He Should Face Criminal Prosecution.

Albany, N. Y., Sept. 25.—With more than a score of witnesses on hand to testify, and with Thomas Godwin, paying teller of the Farmers' Loan and Trust Company, identifying checks and deposit slips used by the governor in connection with his personal bank account, the impeachment trial of Governor William Sulzer was resumed today.

The big fight was centered on whether there had been any restrictions placed by any of those who furnished him with funds on the way they were to be used.

Opponents of the governor have openly asserted that he would have to face criminal prosecution for his acts.

Perjury and larceny have been familiar words ever since the proceedings were opened. But D. Cady Herrick, of Sulzer's counsel, positively asserted with the resumption of the trial today that they would demonstrate beyond the shadow of a doubt that criminality had never entered into the intentions of the executive, and that if he had made mistakes they had been of a nature capable of explanation.

The legislature was due to resume its session last night. Despite the assertion of members of the impeachment board of managers of the assembly that it would amend the original articles so that further crimes and misdemeanors committed since January 1 would be set forth, there was doubt that a quorom of that body would be on hand.

Most of the members have insisted that any amendment of the impeachment allegations would be a sign of weakness. They have insisted to the leaders that the lower house stand or fall by the charges as originally drawn. And it seemed certain today that many of them would remain at home unless forced to come here by the officials of the legislation.

POSTMASTERS TO MEET.

Will Hold Convention at Norfolk, Beginning Today.

The Virginia and North Carolina Postmasters' Association will meet in annual session today at Norfolk and a pleasant and successful convention is anticipated. The following letter, giving information as to the meeting, has been sent to the postmasters by the officials of the association:

At the Alexandria meeting last year, Norfolk, Va., the city by the sea, and the greatest convention city in the country, was selected as the meeting place of the Virginia and North Carolina Postmaster's Association for this year; September 25, 26 and 27 were named by the committee as the dates. The different organizations of Norfolk, the Board of Trade, Business Men's Association and conventions committee went to work at once, and with Major C. L. Wright, the hustling postmaster of Norfolk, have about completed a program of entertainments for the meeting that cannot be excelled. Among the many features of the entertainment will be the oyster roast at Cape Henry, that will be reached by special trolley train, a steamboat trip to Old Point Comfort and out through Cape Henry to the ocean, a trip around the Norfolk harbor visiting the Portsmouth Navy Yard and all other points of interest. A banquet at the Monticelio Hotel, where all meetings of the association will be held.

Samuel Clarkson, the young Englishman, who eloped with a daughter of Martin Maloney, the Philadelphia Standard Oil magnate, in October, 1907, died in London yesterday.

LOCAL BREVITIES.

Circle No. 3, of the Helpers' Missionary Society of the Second Presbyterian Church, will give a "Tacky Party," on Friday night, September 26th. in the Westminster Building.

In the Corporation Court today a final decree was entered in the suit of Henry K. Field and others against M. F. Piper and others. A decree was entered transferring from Jas. S. West to Mattie M. West, one-half interest in house and lot at 333 Commerce street.

There will be a meeting of those interested in the Cardinal foot ball team tomorronw night (Friday), at residence of Mr. S. Breen, for the purpose of electing a manager-captain, secretary and treasurer.

The last crab picking of the season of the Relief Hook and Ladder Company was held last night at their truck house.

MANY ATTEND RECEPTION.

Brilliant Exhibition at Bendheim's Store Last Night.

From 8 o'clock last night until 10, when the reception was brought to an end, hundreds of Alexandria ladies, many of whim were accompanied by their husbands, visited the beautiful store of D. Bendheim & Sons, where the annual fall exhibition of autumn and winter goods were displayed. The store building, which in itself furnishes a most artistic setting for the merchandise, gathered from all parts of the world, was decorated with palms and flowers. In the rear of the first floor was located Prof. Leon's Orchestra, which, during the evening, presented a program of the latest musical selections.

Those who attended the reception were more interested in the display of goods than they were in either the flowers or music, for rarely have Alexandrians seen gathered together a more comprehensive and beautiful selection of women's wear than was on exhibition. Especially was this true in the suit and ready-to-wear dress department,on the second floor, where large crowds gathered to see the dainty creations which had been selected with such exquisite and discerning taste. Especially noteworthy was the showing of evening gowns, only one of each style having been selected, and the handsome coats, which ranged from the simplest garment to the most gorgeous creation in plush and velvets. The display of furs, lingerie, dressing robes and tailored suits, were equally attractive, while on the first floor the newest shades and effects in dress goods were exhibited.

Taken altogether it was a display worthy of Alexandria and worthy of the Bendheims, who have shown so much faith in the city. And above all it was a great riumph for the buyer of the firm, as few establishments, no matter where located, or how vast their resources, could gather such a satisfying and exquisitely beautiful collection of those things which so appeal to the hearts of the women of today.

COMMISSIONER APPOINTED.

A complete review of the condition of the Emerson Engine Company, which recently went into the hands of receivers, involving the claims of a number of Washington people who held stock in the company, or were its creditors, is involved in a decree which was entered in the Corporation Court today naming Robinson Moncure as commissioner to report to the court, the assets and liabilities of the company, its stockholders, priority claims and other matters concerning the company.

SILVER JUBILEE.

Prominent men of the order of the Society of Jesus and a number of men of national reputation have been invited to a banquet to be given at the Lyceum on October 2nd, in honor of the silver jubilee of the institution of the Young Men's Lyceum.

WILSON'S VISIT NOW ASSURED

Executive Holds Conference With Senator Swanson, of Virginia.

AN OFFICIAL PARTY.

Special Train Will Carry Delegation of Congressmen from Washington ton to Richmond.

Richmond, Va., Sept. 25. — The Times-Dispatch received the following by telegraph from its Washington correspondent last night:

"Information given to the Times-Dispatch correspondent at the White House today was to the effect that after a visit of Senator Swanson this morning it is practically assured that President Wilson will visit Richmond during the fair, although it was said that Congressman Montague was also expected to see the President tomorrow about the matter, Not until after tomorrow's visit, it was stated, will an exact date be fixed, but it seems that there is no doubt that the trip will be made.

"In addition to the details of the proposed trip which Senator Swanson went over with the President when the former was at the White House a few days ago, it is understood that the matter was further gone into at today's meeting.

"It is probable that at tomorrow's conference local conditions will be discussed with Mr. Montague, as he, of course, knows more about such matters than any one else in the Virginia delegation.

"While nothing has been announced as to who will go to Richmond on the trip, it is almost certain that the President, unless present plans are changed, will be accompanied by several members of the Virginia delegation, among them being Senator Swanson and Representatives Montague, Glass, Jones, and others. It is quite probable that other members of Congress will be aboard the President's special when it leaves Washington for Richmond.

"While the White House stated that a definite decision would not be made until tomorrow, it is almost certain from what was said that the President will attend the fair."

Boys Threaten Students.

Newark, N. J., Sept. 25.—Serious trouble between students of Delaware College and boys of this place was averted last night only when the students were detained within the four fraternity houses by teh college faculty. The students and boys had a fight on Tuesday night, during which several were injured.

The trouble started when the freshmen class wrote their numerals on the sidewalks, and the citizens objected. Last night several hundred boys of the town paraded the streets in front of the college defying the students to come out.

Mayor Fined For Contempt.

Schenectady, N. Y., Sept. 25.—George R. Lunn, socialist mayor of Schenectady, was fined $100 in the supreme court for contempt of court. He caused a tree in one of the streets to be cut down in violation of an injunction issued by County Judge Noylan.

Supreme Court Justice Vankirk said "the respondent realized when he cut down the tree that he was doing an act fordidden by the restraining order." Mayor Lunn will appeal.

WOULD HOLD A REUNION

Rhode Islander Anxious for Gathering of Veteran Firemen in Alexandria

Mayor Thomas A. Fisher has received the following clipping from Francis H. Patt, of Providence, R. I. To the Editor of the Sunday Journal:

The Providence Volunteer Veteran Firemen during the last few weeks have had their hands full entertaining visiting vets from out of town, as no less than four companies from the State of Pennsylvania have been right royally received by the Rhode Island clam-eating boys. Whether William Penn was a fire fighter I will not attempt to conjecture, but I do know from reading history that George Washington was a full-fledged vounteer fireman for seven years in the city of Alexandria, Va., and ran with Friendship Hose Company continually without missing a fire, being one of the first men on the rope at the sound of the fire bell. Now, I will suggest a feasible proposition to all the veteran firemen in the United States and Canada, that there be held one national and international conclave of living patriotic volunteer veteran firemen at Alexandria, Va., in the year 1915, the 143rd anniversary of George Washington's birth—the greatest of all Americans. Such a memorable event will add glory and lustre to this country, which he fought for and loved so magnanimously. FRANK H. PATT.

Providence, Sept. 18.

The following is Mr. Patt's letter:

Providence, Sept. 21, 1913.

To the Honorable Mayor of Alexandria, Va:

My Dear Sir:—Enclosed please find a clipping from the Providence Journal of this date, which I kindly ask you to read, and if the contents meet with your hearty and unanimous approval, then I will ask you to have the same republished in all of the municipal newspapers of Alexandria as an initiative boomerang advent and red letter day in the future in the Old Dominion. There is not the remotest doubt in my mind that every living veteran fireman in the country, both volunteer, retired and pensioned, will be overjoyed and elated at the prospect of participating in such a worthy and spontaneous reunion of brother firemen and also of paying homage to a great man who was first on the fire ropes, first in peace and first in the hearts of his countrymen. Of course, the old vets in this city have not taken concerted steps nor formed any committee for the materialization of this commendable work. We will doubtless rely solely upon the comment and editorials in newspapers throughout the nation for approval and support. I intend to mail one hundred copies to various veteran organizations in all the principal cities. Hoping you will return a favorable reply at an early day,

I am, sir, respectfully yours,

FRANK H. PATT.
1742 Westminister Street.

P. S.—As your city is not a very large one, not containing many hotels, I think it would be advisable to hold the conclave in the month of August or in the beginning of September, as tents could be used. Generals LaFayette and Rochambeau fought under General Washington. So did General Von Steuben, of Germany. The latter country, France and England might send a few old vets over to show the world they respect the sacred dust at Mount Vernon.

OYSTER CROP ABUNDANT.

Ten Days of Open Season Show Big Crop in Virginia.

Norfolk, Va., Sept. 25.—Actual examination of the catching of oys- ters in the James river shows, with the exception of a very few spots, that not since the year just succeed- ing the War Between the States has there been such abundant taking of oysters in the river.

Two men with tongs and one with a boy caught an even one hundred seed line. The price of seed is low, the market price being only ten cents a bushel. Oysters below the seed line, for marketable purposes, are bringing from twenty-five to thirty cents a bushel. Here the same crew will catch between twenty or thirty bushels.

The Rappahannock river and Po- comoke sound are in still better con- dition. An oysterman from the Rap- pahannock, who was here today re- ports, that the average catch to each pair of tongs is between ten and fourteen bushels, worth thirty-five to forty cents a bushel, and quite a de- mand. Two men and a cull boy can produce thirty bushels a day.

The oyster police are active in watching the culling. The number of tongers, however, is not great as yet, fodder pulling and fruit canner- ies keeping them busy.

Family Motor From California to Buy Plantation.

Lynchburg, Va., Sept. 25.—At 12 o'clock Tuesday, Mr. Thomas C. Ford, with his mother and two little bro- thers reached the city in a large touring car, having motored all the way from San Diego, Cal., to Vir- ginia. They expect to buy land and reside in this state. They came here from Natural Bridge, where they had spent the night, but their speedom- eter registered 4,443 miles as the total distance traveled since they left Cal- ifornia on the 14th of July.

They were attracted to Virginia, Mr. Ford states, through real estate men, and by the good reputation Vir- ginia bears as to the hospitality of her residents and the good farming condition, Mr. Ford will attend Wash- ington and Lee University this ses- sion, but his mother expects to pur- chase land immediately and com- mence farming.

They motored through Nevada and Wyoming, where they had much difficulty with washouts and rough roads, and on through Iowa, Illinois, Indi- ana, Ohio, Pensylvania, Maryland and then into Virginia. The car stood the trip well, and it was heavily load- ed with all kinds of instruments and tools, making it possible to camp out at any time.

He was to have died Friday, but his attor- ney, S. F. Collier, secured a respite that papers might be filed in behalf of commutation.

The negroes who are to pay the death penalty are Lee Archer, con- victed of attacking Miss Cora White- hurst, of Princess Anne couny; John Jennings, convicted for the murder of Herbert Taylor, a Newport News negro, and Marion Lee, of Toano, convicted of the murder of Delaware Brown after a craps game quarrel.

Men at Work When Raiders Arrived Fled.

Richmond, Sept. 25.—Under orders of United States Collector of Internal Revenue M. K. Lowry, the plant of the Eastern Distilling Company, near Portsmouth, was seized yesterday by Deputy Collector C. P. Carter and Special Employe Sifford for alleged violation of the internal revenue laws. The revenue officers allege that they found the distillery in ope- ration in the absence of the govern- ment storekeeper gauger in direct violation of law.

On approaching the distillery the revenue officers were seen and the men at work ran away. Without at- tempting pursuit Carter and Sifford examined the plant and found evi- dence of mashmaking. The Eastern Distillery has a capacity of about 300 gallons daily.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

"WASHINGTON AS A FIREMAN."

A communication from a veteran fireman of Providence, R. I., to Mayor Fisher will be found elsewhere in the Gazette. The writer, like many others, throughout the country, rejoices in numbering George Washington among firefighters. All Alexandrians are, or should be, at this time familiar with a short paragraph in one of the local histories of the father of his country to the effect that on one occasion during colonial days while in this city he aided in operating a fire engine in our streets. Many are inclined to take the story with a grain of salt, while others have long since relegated it to the apocryphal utterances of some over enthusiastic brain.

That he never "ran with the boys" nor was "first on the ropes" must be apparent to all conservative readers of history.

In by-gone years the chief engineer of the fire department was often compelled to press men into service during fires. The engines used in those days were trundled to fires a la wheelbarrows, and the men who operated the arms of the suction stood upon the ground while so engaged. The chief formed a bucket brigade of bystanders who were compelled to serve nolens volens.

Washington resided at Mount Vernon, and as Alexandria was his market town, he often appeared on our streets. It is possible while here he chanced to pass near the scene of a conflagration, and he may have volunteered his services or became a conscript in the emergency.

The Rhode Islander, however, is enthusiastic and prefers to believe that Washington slept with his boots on, ready to respond to fire alarms.

Alexandria, like all old cities, has her traditions. They are pleasant to many, and when the old Friendship engine is taken from the city and surveyed by strangers they imagine they see an apparatus Washington aided in operating in the streets of Alexandria. The fact is this engine was purchased in the early fifties and was the second apparatus procured by the company since Washington's time.

WAR BREAKS OUT AGAIN.

Balkan Flame About to Burn Fiercely For Third Time.

Belgrade, Sept. 25.—A state of war between Servians and Albanians and Turks exist in northern Albania. The Servian minister of war has ordered that Dibra, an Albanian stronghold, be attacked at once. Servian reinforcements are being rushed to the front. Veterans of the two Balkan wars who have been dismissed are hurying to the colors.

Cettinje, Sept. 25.—Tremendous excitement has been aroused throughout Montenegro by news of the terrific fighting between Servians and Albanians. Montenegrin troops are on their way to reinforce the Servians. War threatens to flame throughout the Balkans for the third time in less than a year

Vienna, Sept. 25.—Servia has begun the remobilization of her army. Dispatches from Belgrade say that all the reservists who were disbanded after the second Balkan war are again being summoned to the colors. Enormous bodies of troops are being poured into Albania. The international army occupation of Scutari is withdrawing, for fear war will engulf that city.

Athens, Sept. 24.—Greece has begun active military preparations for another war. The Turks are said to be preparing to take the field with the Albanians.

Paris, Sept. 25.—King Constantine of Greece, has abandoned his foreign tour because of Balkan complications, which threaten to precipitate another war.

Sofia, Sept. 25.—Turkish soldiers are committing terrible atrocities along the southern frontier of Bulgaria. Word has been received here that Turks have burned the prosperous town of Musta Pasha, which for a time was used as the Bulgarian base of operations in the first Balkan war. Several villages in the Dirkijili district have been burned and the inhabitants massacred.

ADMITS SLAYING FATHER

Crept Into Bedroom And Crushed Sleeping Man's Skull.

Greenville, Ala., Sept. 25.—Essick Gibson, 16 years old, has confessed to the murder of his father, Alex Gibson, at his home near here, according to officers who arrested young Gibson and placed him in jail here. The boy is said to have declared he crept into his father's bedroom and crushed the sleeping man's skull. Then he closed the door, locking a little dog in the room with the dead body. Young Gibson, according to the alleged confession, then went to his brother's home and told his brother of the crime, requesting that he be allowed time to make his escape. A neighbor is said to have discovered the dead body several days after the crime had been committed. The body was badly mutilated.

Officers say teh boy explains his crime by charging his father with cruelty.

DISAPPEARANCE OF GIRL.

Louise Rhodes, Who Eloped to Philadelphia, Vanishes From Train.

Staunton, Va., Sept. 25.—Naomi Louise Rhodes, of Broadway, Rockingham county, Va., who was held in Pihladelphia for two weeks as a witness against her alleged fiance, Francis Cannon, of Washington, with whom she eloped, has come into the limelight again—this time dropping out of sight.

A press dispatch from Pihladelphia says:

It is feared "white slavers" may have boarded a train from Philadelphia and enticed away Louise Rhodes, the pretty 17-year-old girl who eloped to this city six weeks ago with her fiance, Francis Cannon, 22 years old, son of a wealthy liquor dealer of Washington. They were arrested before they could get married because of the youth of the girl. It is possible, however, that Louise may simply have decided not to go home.

The girl was placed on a train a Broad street station, bound for her home at Broadway, Va., last Saturday by Miss Marion Gillette, head of the Court Aid Society. When the train reached Broadway, on the same day, the mother of the girl inquired anxiously for her, but the passengers said they had only a slight recollection of a girl answering the description of Louise getting off the train with a man at an intermediate station.

Mrs. Rhodes waited several days, but received no word from Louise. She then wrote to Miss Gillette and the social worker is trying to locate the girl. She fears for Louise's safety.

The Opportunity
The TEMPLE School
—OF—
Shorthand & Typewriting

lays particular stress upon the fact that the success of a pupil depends upon the co-operation of three parties—the pupil, the teacher and the parent. Mrs. Caroline B. Stephens, the principal of the Temple School, emphasizes the fact that there is nothing more easily slighted than teaching. The pupil is not in a position to realize that he is not being properly taught. His parents very often discover it when months and in some cases, an entire year has been wasted. The parent should make it his duty to carefully select a school. Inquiries should be made to find the standing of the school in the business world, for every business school earns its reputation through the work of its individual pupils. Once a pupil is entered in a school, it is the duty of the parents to see that the pupil attends the school regularly, and that the work assigned to be done at home is prepared.

The Temple School gives its pupils the opportunity to obtain a thorough business training.

THE BARRETT PRESS
Alexandria, Virginia

WE HAVE the facilities for turning out large orders for books and catalogues. A business to be successful today must advertise---that is, have your wares before the public.

YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it.

He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few gray hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

MURDER BRINGS PUZZLE.

Man Held in Frisco Seems Double in Indianapolis Criminal.

Indianapolis, Sept. 25.—Either Joseph Ellis, alias Fred Brokaw, alias W. R. Anderson, alias Fred Boley, wanted here for the murder of Joseph Schlansky, a second-hand dealer, in a room in the Oneida Hotel Monday night, has an exact double or he is not under arrest in San Francisco, as reported last night, according to the local police.

The photograph of Ellis, or Brokaw, sent broadcast by the Pittsburgh Police Department after the man had lured a second-hand dealer to a hotel and robbed him, was identified positively by four persons here as the man who killed Schlansky. The photograph was identified by Lewis and Jacob Schlansky, sons of the murdered man; W. C. Meyer, day clerk at the hotel, and the clerk in a loan office in which the watch stolen from Maurice Raff in Louisville, Ky., was located.

Danville, Ill., Sept. 25.—Audra Baker Anderson, who attempted to kill herself in Indianapolis, yesterday, was married here July 5 to Roy Anderson. A few days later he disappeared. The description of the Schlansky murderer is said to agree with that of Anderson by persons who knew him.

Richmond, Va., Sept. 25.—Jacob Ellis, father of Joseph Ellis, said, he would not aid his son. "Much as I love Joe," he said, "if he has committed murder he need not hope for aid from me."

SHOE BUSINESS A SUCCESS.

Berberich's Appreciate the Value Of Using Printer's Ink.

Speaking of the part that advertising had played in bringing about the great Berberich business of today, one of the firm said:

"Our business continued to grow until about 1902. Then came a standstill. It seemed that we had reached our zenith. There was practically no increase in patronage to which we could look forward.

"We knew that the proportion of Washingtonians who would want our footwear, if they but knew its quality and the economical prices that always obtained here, was far greater than those whose patronage we were already enjoying. But how could we let these people know?

"Then came the thought: Why not advertise? We did, and the growth from that time to this has been continuous.

"The newspapers bring us new customers, which our shoes, our service, and our prices hold. Many answered our first ads, but it is the accumulative effect of our publicity from which we derive the greatest benefit.

"No matter how attractive your announcement may be in appearance nor how powerful the argument it contains, you cannot force the majority of readers to buy a pair of shoes, or anything else, for that matter, until they want them. With this fact in view, we kept continually pounding our store, our store methods and our stock, with Berberich ads that left their impress on the reader's mind."

VICTIM OF FOOTBALL.

Season's First Serious Injury May Kill Player.

Worcester, Mass., Sept. 25.—The first serious football accident in the East this season may cost the life of Vernon Byclea, who played left halfback for the Norwich University eleven yesterday in a game with Holy Cross. Belyea suffered a fracture of the spine and at St. Vincent's Hospital it was said last night that his condition was "very serious." The young man's home is in Granfield, Mass.

The extent of the injury was not known for several hours after the play in which he sustained it. Belyea, running back a Holy Cross punt, was tackled and fell. When it was seen that he was injured he was removed from the field, but his hurt was thought to be slight and he was not taken to the hospital until some time later. Then examination by physicians revealed a fracture of the sixth vertebra.

INFECTION LOW IN TAZEWELL.

Hookworm Inspectors Find Only Two Per Cent of Population Suffering From Disease.

Richmond, Va., Sept. 25. 1913. (Special)—Tazewell county has less hookworm disease than any of the Virginia counties thus far inspected by officers of the State Board of Health. This announcement, made today at the offices of the board, is based on the reports of the Tazewell county dispensary just forwarded by Dr. W. A. Brumfield, the inspector in charge.

The dispensary in Tazewell was one of a number held during the summer months in Southwest Virginia. In Wise, Lee and Dickenson counties, the inspectors found many cases of hookworm disease and dispensed many treatments to sufferers. In Lee county, especially, a record-breaking dispensary was held and the officers were welcomed with open arms by the hospitable mountaineers. Interest reached a high point and cooperation was shown by the entire population.

On the strength of these records and with the knowledge that hookworm disease was widely prevalent in Southwest Virginia, the Board expected to find a considerable infection in Tazewell county.

The reports, however, while showing hearty cooperation and deep interest on the part of the people, disclose the startling fact that only two per cent of all those examined in Tazewell county are suffering from hookworm disease.

"There may be other counties in Virginia," said an officer of the Board today, in commenting on the Tazewell reports, "where investigation will show a degree of infection as low as this, but so far, Tazewell must be awarded the palm. When many hundred examinations fail to disclose more than two persons in the hundred suffering from hookworm, the disease may not be regarded as an important local problem. We are, however, very glad that the dispensary was held in Tazewell and we are most grateful for the cordial cooperation given us. It is a relief to know that there is a Virginia county where hookworm disease is relatively so unimportant."

Within the next few weeks, it is announced, the summer dispensaries of the Board of Health will be closed and the hookworm inspectors will begin their annual visits to the schools. This work, which is regarded by many as the most important aspect of the hookworm campaign, will be carried on in those counties which have not yet been visited or inspected. It is pointed out that hookworm disease greatly reduces the mental efficiency of children and vastly increases the labor of the teachers. The eradication of hookworm disease among the pupils of a school and the corresponding increase in the mental power of the infected children is regarded as a direct gain to the public school system.

Church Raps Carnegie Millions.

Jackson, Mo., Sept. 25.—The St. Louis conference of the Methodist Episcopal church South, today adopted a resolution condemning the trustees of Vanderbilt University, Nashville, Tenn., for accepting the $1,000,000 endowment from Andrew Carnegie.

Acceptance was vetoed by the board of bishops because Carnegie endowments are conditioned on beneficiary colleges being independent of sectarian control. The trustees ignored the bishops.

King George Prevents Strike.

London, Sept. 25.—King George has just settled an incipient strike among his game-keepers on his Sanringham estate.

It is an old custom to give them the entire first day's bag, which realizes about $300. This year officials arranged to sell the whole shoot to London dealers. The underkeepers, comprising twenty-seven specially picked men, thereupon threatened to resign in a body, although the shooting is still four weeks off.

The king hearing of their grievance, promptly yielded to their demands.

Helped Negro to Escape.

Lexington, Va., Sept. 25.—Minnie Watkins, colored, cook at the jail, has confessed that she procured the keys to the jail and unlocked the doors and cell to allow Purcell Jones to escape.

The man was under sentence of 12 years in the penitentiary for killing John Wise.

Charles Jones and Theo Jones, father and brother of Purcell Jones, held for trial before Justice Pierson for aiding Purcell to escape, were sent on to the grand jury.

Church is Dedicated.

All-day services are in progress today at Montross, Va. where the new Grant Methodist Church building is being dedicated. Morning, afternoon and evening services are on the program and the women of the congregation furnished a basket dinner on the church grounds.

The Grant Church is one of the oldest in Virginia, and while the structure has not been rebuilt entirely, it has been restored and a large addition made to it.

Advice to Consumptives

Somehow there exists a vast amount of scepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert.

If we were afflicted with Tuberculosis, we should do precisely what we ask others to do—take Eckman's Alterative promptly and faithfully. The reason we should do this and warrant we have for asking all Consumptives to take it, is that we have the reports of many recoveries, one of which follows:—

1619 Susquehanna Ave., Phila., Pa.

"Gentlemen: For two years I was afflicted with hemorrhages of the lungs, the number totaled nearly one hundred. Our family physician advised another climate, as to remain would probably be fatal. However, I remained, and in February of 1902, I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I learned of and started taking Eckman's Alterative. In a short time my cough was gone and I was pronounced well. Since that time I have had two slight attacks of pneumonia and I have resorted to no other medicine to effect a cure.

"I am at present in excellent health and feel that as long as I can obtain Eckman's Alterative, I have no fear of Consumption. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

Lincoln Memorial Contract Not Let.

Washington, Sept. 25.—The Lincoln Memorial Commission, Presided over by Former President Wm. H. Taft, as chairman, deliberated for two hours and a half this morning over the bids offered by contractors for building the two million dollar structure that is to be erected in Potomac Park, without awarding the contract. They resumed consideration of the proposals this afternoon at 3 o'clock.

When the commission adjourned for luncheon former Senator Shelby M. Cullom, resident commissioner for the memorial, announced that it had been practically agreed upon by the commission that the memorial shall be constructed of marble, as against any other form of stone or building material. The work of the commission this afternoon, he said, will be devoted to deciding upon which of the various marbles to be had in the United States shall be used.

San Francisco—J. B. Makada, a wealthy Japanese, was shot dead by an unknown in the hall of an office building.

Boston—John Wainwright, serving life sentence for killing his daughter in 1906, recommended for pardon He aimed his revolver at his wife and shot the girl.

At a Corporation Court of the City of Alexandria, held at the Court House of said city on Wednesday, August 13th, 1913.

Present Hon. Louis C. Barley, Judge.

Ethel Donch, Complainant,
Vs. In Chancery.
Hugo P. Donch, Respondent.

Upon the application of the complainant stating specifically the last known place of abode of the defendant, the court on this 13th day of August, 1913, doth grant the following order of publication:

The object of this suit is to obtain for the plaintiff an absolute divorce on the ground of wilful desertion and abandonment for a period of more than three years before the filing hereof, to obtain alimony pendente lite and costs and counsel fees and permanent alimony, to obtain permission of court to resume her maiden name of Ethel Robertson, and for general relief.

And an affidavit having been filed that the defendant, Hugo P. Donch is not a resident of the State of Virginia, it is ordered that he do appear here within fifteen days after due publication of this order and do what is necessary to protect his interest in this suit.

And it is further ordered that a copy of this order of publication be published once a week for four successive weeks in the Alexandria Gazette, a newspaper published in the City of Alexandria, Virginia, that a copy be posted at the front door of the Court House of said City on or before the next rule day of this court after this order is entered and that a copy of said order of publication shall be sent by registered mail by the clerk of this court addressed to the said non-resident defendant, Hugo P Donch, addressed to No. 904 Third Street, Northwest, Washington, D C., the last known place of abode of the defendant.

For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your Wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your treatment she sleeps well all night long. T. A. Neall, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of *Mayr's Wonderful Stomach Remedy*. Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health.
